Watched the new DVD, Dreams from MY REAL FATHER and don't get this confused with Dreams from my Father. This DVD systematically takes you back to Hawaii and chronicles what really happened during the birth of Obama. Just remember that Barack's REAL father is Frank Marshall, former card carrying Communist in Hawaii who had an affair with Anne Durham, Obama's mom. Barack's father IS NOT FROM KENYA but a communit card carrying revolutionist born in the USA. In his book, Barack mentions Frank's name 27 times. This the most unbelievable documentary and BLOWS 2016 away. Anyone who watches this 95 minute movie will horrify you of the lies and deception of the President. There are nude photos of Barack's Mom and an incredible path showing his disdain for the US. The overbearing proof of his personal relationships with terrorists, communists, socialists, and radicals is completely laid out and well done. THIS IS THE MOVIE OBAMA DOES NOT WANT YOU TO SEE. It's all over the internet and I received my copy in the regular mail.
