New Obama Movie: Dreams From My Real Father; A Story of Reds and Deceptions; Rare Footage

OBAMARELEASE YOURRECORDS ON 6:58 PM |

Film: President's father not Barack Obama

2 years of research, rare photos support compelling case

Jerome Corsi @ WND

"Who's your real Daddy?" is a question that remarkably continues to dog Barack Obama, even as he proceeds into his fourth year as president.

With the release this July of Joel Gilbert's full-length documentary, "Dreams from My Real Father: A Story of Reds and Deception," the mystery deepens regarding who Obama really is.

"The film provides the first cohesive understanding of Obama's deep-rooted life journey in socialism, from his childhood to his presidency," Gilbert told WND.

Gilbert rejects the official story that the Kenyan-born Barack Obama was the president's father.

Instead, he argues, Frank Marshall Davis, the radical poet and journalist who was a card-carrying member of the Communist Party USA, was the real, biological and ideological father of Barack Obama.

"I decided to investigate Frank Marshall Davis. His close physical resemblance to Obama was shocking, while Obama little resembled the Kenyan Obama," Gilbert said. "How could this be?"

Get "Dreams from My Real Father: A Story of Reds and Deception" from WND's Superstore.

Gilbert launched into what became two years of research during which he conducted interviews and discovered rare film footage and photos.

More Malcolm X in his DNA, jawline and all.

Davis has a pudgy frame, so does Ann Dunham. Obama is lean.

Joel should have consulted with Martha Trowbridge .

Joel edited the film with a PREDETERMINED POV.

What about Bari's DEEP HEAD SCARS?

The origin of those wounds are the key to his identity.*

Best resolution: DNA TEST.

* Anyone with a secreted identity is a mentally unstable sociopath with an attachment disorder. In essence a robot, er.... OBOT who only can follow orders from the FATHER (surrogate).

More distractions from the REAL issue of nbC. He's already "claimed" BHO Sr. so he "owns" him whether it's true or not. If FMD or MX are his father, then he can claim nbC status. That ain't happening! DNA tests are the only way to know for sure. Martha Trowbridge has given us no evidence so I'd say her investigations are not so "ace".

If Moochele let him eat some more fried chicken, he would look a lot like davis. his eyes are a perfect match.

I have been saying this is a possibility since I put my site up since 2008. If frank is his father then this means his book is a LIE. It's also possible that he was born in Kenya since Ann was there shortly before his birth. I have had pictures on my blog and web site displaying the differences. Will this make a difference probably not since all of the corrupt media will ignore the facts. Just this alone should be the biggest news of the century. What did the media do? They rather send an army of assholes to Alaska to find out what brand of diapers Sarah Palin is buying at Walmart. Please help me flood the country where everyday someone picks up a bill and gets the message. This is our way of putting the truth out. They can't spread the flow of currency. Stop them now.

I do not really see the similarity to Davis as much as I do X.
Don't agree with all Martha has claimed, but she sure makes more sense than most. Whoever he is, who ever his Daddy is no longer matters, he LIED to the world, NBC or not. A lie can not be undone and to gain office under a lie has to be a major felony.
It would be interesting to see what investigation of any person would show and what conclusions we could come to. I am willing to bet we would find SOME question, but NONE like the questions surrounding Bari, Barack, Steve, Harrison etc. OH! What was his adopted Native American name? I just remembered the other day that right before his coronation he was adopted by NA's. Wow he is a man of the world!

I'm with those who think Malcolm X is the real daddy, not that bloated commie Davis. My feeling is that Dunham went back to Chicago and hooked up with Malcolm X to produce Bari M. Shabazz, then went back to Hawaii, making it seem that Davis is the daddy. Then a cover-up followed, resulting in the African student agreeing to being Bari's daddy in exchange for a sham marriage that would allow him to stay as an American citizen. What a disgusting tale if that turns out to be the case. Even if Bari was indeed born of two American citizen parents, he likely lost his natural born status via his adoption by his Indonesian stepfather. Hell, he may have lost his U.S. citizenship as well and never reclaimed it.

"OBAMA SEEKS PROTECTION FOR HOMOSEXUALS ABROAD"

December 6, 2011

"(CNSNews.com) – President Barack Obama Tuesday signed a presidential memorandum to provide foreign aid to combat discrimination against homosexuals abroad, to use international bodies to promote homosexual rights and to provide asylum for homosexual refugees.

The White House called it the "first-ever U.S. government strategy dedicated to combating human rights abuses against LGBT [lesbian, gay, bisexual and transgender] persons abroad."

The order affects most executive branch, directing agencies and departments to "combat the criminalization" of homosexuality, "leverage foreign assistance to protect human rights and advance nondiscrimination," to "ensure swift and meaningful U.S. responses to human rights abuses of LGBT persons abroad," to "protect vulnerable LGBT refugees and asylum seekers," and to "engage International Organizations in the fight against LGBT discrimination."

The memorandum directs the departments of State, Treasury, Defense, Justice, Agriculture, Commerce, Health and Human Services, United States Agency for International Development (USAID), the Millennium Challenge Corporation, the Export-Import Bank, the United States Trade Representatives and "other agencies as the President may designate," to take action on behalf of homosexuals.

"The struggle to end discrimination against lesbian, gay, bisexual, and transgender persons is a global challenge, and one that is central to the United States' commitment to promoting human rights," Obama said in a statement.

The State Department and Homeland Security Department will take action to help homosexual refugees, according to the presidential memorandum.

"In order to improve protection for LGBT refugees and asylum seekers at all stages of displacement, the Departments of State and Homeland Security shall enhance their ongoing efforts to ensure that LGBT refugees and asylum seekers have equal access to protection and assistance, particularly in countries of first asylum," the memorandum says.

"In addition, the Departments of State, Justice, and Homeland Security shall ensure appropriate training is in place so that relevant Federal Government personnel and key partners can effectively address the protection of LGBT refugees and asylum seekers, including by providing to them adequate assistance and ensuring that the Federal Government has the ability to identify and expedite resettlement of highly vulnerable persons with urgent protection needs," the memorandum continues.

Foreign aid and assistance will also be used to combat discriminatory treatment of homosexuals in other countries, according to the memorandum, which says, "Agencies involved with foreign aid, assistance, and development shall enhance their ongoing efforts to ensure regular Federal Government engagement with governments, citizens, civil society, and the private sector in order to build respect for the human rights of LGBT persons."

The memorandum also stresses that international organizations "are key vehicles to promote respect for the human rights of LGBT persons and to bring global attention to LGBT issues."

This means these organizations would "counter discrimination on the basis of LGBT status; broaden the number of countries willing to support and defend LGBT issues in the multilateral arena; strengthen the role of civil society advocates on behalf of LGBT issues within and through multilateral fora; and strengthen the policies and programming of multilateral institutions on LGBT issues."

On the domestic front, Obama signed legislation lifting the ban on gays in the military. Also, his Justice Department decided not to defend the Defense of Marriage Act, or DOMA, the Clinton-era law that says one state cannot be required to recognize a homosexual marriage in another state."

Let's consider facts as presented- as intriguing as Martha T's writings are they are void of concrete facts. The speculation may be true. However, the Frank Marshall connection is compelling with nude pictures of Ann Dunham in his (Frank Marshall) personal possession. That level of exposure (no pun intended) would be hard to explain away. An alleged wife of Barack Sr. was posing for a commie poet/writer?

Now, add to the story the CIA parts of Barry's life? Our entire government structure is in on this which confirms the lack of party bringing to light the crimes of this impostor. It finally makes sense why mums the word throughout all branches of government and the cocky confident attitude Barry presents consistently that he'll never be exposed.

Well, we have news for our leaders- we have a document called the Constitution. And we intend on abiding by it. Therefore, the tyranny against the governed is about to be replaced.

" ... My feeling is that Dunham went back to Chicago and hooked up with Malcolm X to produce Bari M. Shabazz, then went back to Hawaii, making it seem that Davis is the daddy. ..."

I think she was pregnant before she (and her entire family) suddently/overnight moved to Hawaii. (in July-Aug '60)

During that time-frame, it was common for pregnant young-teen girls to leave town, (to visit her "aunt" or "grandma") for nine months. -OR- The entire family MOVED (out of shame because everyone really knew what was happening when the teen-girl "went to vist aunt or granny (for nine months)").

Obama's mother's mother was the Vice-President of a bank. A very high-level job for a (working) woman in that time-frame. That makes her HIGH-SOCIETY and they certainly could not have stood the SHAME of their (white) teen-age daughter, pregnant with a "BLACK" baby. (remember the time-frame and the TABOO of a white girl with a black baby -- and the word used at that time would have been the N_____ word, not "black")

Thus it explains why they moved suddently, and to Hawaii, where a dark-skin baby would be more acceptable.

When in Hawaii, a deal was then made for Obama Sr. lend his name because "unmarried" was also taboo with a baby.

That would have put his birth in the Jan-Feb time frame, and her reentry to WASHINGTON STATE UNIVERSITY on Aug. 19,'61 (possibly via Hawaii to file the "Certification of Live Birth" via DOH rule 338 - 17.8 which allows birth-certificates for children born to Hawaiians out of state/country, (If you have been a "resident of Hawaii for ONE-YEAR).

Now we are going to start digging people up and performing DNA tests on Presidents? Exactly how far should a President have to go just because some moronic douche bag has a theory?

If someone claims he witnessed Obama decending from a space ship, do we force him to do a physical exam to prove he is actually human?

There are those who claim he is the anti-christ. Do we shave his head and look for a 666 number?

It is stupid idiotic crap like this that prevents people from taking any of this seriously. It is people in the movement that are your own worst enemy. Stop buying into this nonsense and focus on reality.

I realize we are not "sure" of the entire story, and much speculation has resulted.

BUT ... That is the blame of Obama himself because we know so little for sure.

AND ... From the FACTS that we do know "for sure", we KNOW that Obama's official story is too full of holes to be valid. And THAT is the pertinent FACT !!!

EXAMPLE: We do know "for sure" that she had already moved to Washington State, found a place to live, enrolled in college, and actually ATTENDING CLASSES in Washington State (Seattle) on Aug 19,'61 ... almost an IMPOSSIBLE feat for a 17-18yo girl in that time frame, w/ a less than two-week old baby.

AND ... we know that DOH 338-17.5 did in FACT allow babies born OUT OF STATE/COUNTRY to be given a birth-certificate WITH NO PROOF OF actual DATE OF BIRTH.

We also know FOR A FACT that Obama has claimed TWO different hospitals, (and delivery doctors). But that neither of those hospitals will admit he was born at either. (and since Obama has publically claimed them, there is little justification for them to now claim "privacy" for refusing to release any information)

The mere fact that barry's narrative and lack of transparency (again a lie since he said he would be "THE MOST" transparent)can only cause suspicion. He can do away with all the law suits, articles, etc. by releasing his records (hence this web site). He won't, he hasn't and it's his fault creating the mystery and fraudulent ID.

"Look at pics of Malcolm X. Then look at pics of Obama. Look at Malcolm X again. Ditto for Obama. Then get back to me and see if we are getting somewhere."

TRUE STORY

Awhile back, a MAJOR newspaper, (I think it was the Washington Post if memory serves), ran a (generic) story about Malcolm X, along with a photo to accompany the article.

There was another seperate article the same day involving Obama, also including a photo (of Obama).

PROBLEM: The photo-editor of the MAJOR newspaper MIXED UP THE TWO DIFFERENT PHOTOS.

And I have to admit I can't understand the mix-up, the MalcolmX photo was a very-oil looking B&W compared to the very recent/current Obama one.

Not only that, MalcolmX was wearing glasses, but the similarity between the two was still so close that the photo-editor could not tell the difference.
