Film: President's Father Not Barack Obama

By Rick Pearcey • April 25, 2012, 09:35 PM

Jerome Corsi writes at [WND](#):

“Who’s your real Daddy?” is a question that remarkably continues to dog Barack Obama, even as he proceeds into his fourth year as president.

With the release this July of Joel Gilbert’s full-length documentary, *Dreams From My Real Father: A Story of Reds and Deception*, the mystery deepens regarding who Obama really is.

“The film provides the first cohesive understanding of Obama’s deep-rooted life journey in socialism, from his childhood to his presidency,” Gilbert told WND.

Gilbert rejects the official story that the Kenyan-born Barack Obama was the president’s father.

Instead, he argues, Frank Marshall Davis, the radical poet and journalist who was a card-carrying member of the Communist Party USA, was the real, biological and ideological father of Barack Obama.

Here is a trailer for [Dreams From My Real Father](#).
