In Part I, Trevor Loudon, who was among the first to expose Obama's radicalism, exposes the relationship between President Obama and a high level, pro-Soviet operative, Alice Palmer, actively involved with known Soviet and communist front organizations at the height of the Cold War. She worked closely with the future U.S. president for several years, in the same socialist and communist networks that dominated the left side of Chicago politics...

Also in [Part I](#) of James Simpson's report, speaker Konstantin Preobrazhensky, a KGB defector, explained in vivid detail how and why the Soviet Union became the real force behind Muslim terrorism, including al Qaeda. We continue to Part II by James Simpson.

The Most Important Press Conference Ever Held at Any Time in U.S. History: Part II

Cliff Kincaid of *America's Survival* held the critical National Press Club event on July 19th: [The Vetting: Obama, Radical Islam and the Soros Connection](#). At this pivotal time, we face a national election that may well determine the fate of our great country. And as America goes, so goes the world.

Thus, it is not an exaggeration to describe this as the most important press conference in U.S. history, because it explicitly details, with new facts and more evidence than ever presented in one place at one time, from extensive, highly credible sources, the dangerously extremist nature of President Obama and the true goals of his virulently anti-American, radical leftist administration.

It further reveals how a huge network of U.S. and foreign communist and hard left organizations connected to this President has colluded with radical Islam for decades to oversee the destruction of their mutual enemy: America. Overshadowing all is the malevolent [Soros network](#), and the billions he and others like him are devoting to facilitate this goal.

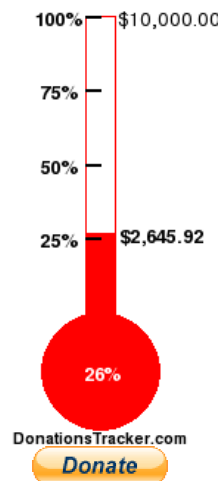

This information simply *must* reach the electorate before November.

In kicking off this conference, Kincaid announced: "Our July 19 conference fulfills the late Andrew Breitbart's promise to finally 'vet' the president. The diabolical dangers of Marxism and radical Islam must be exposed. It is time for the shocking truth about Obama and his agenda to emerge."

Paul Kengor is professor of political science at Grove City College and Executive Director of Grove City's Center for Vision and Values. He is also a prolific author. His presentation at the Kincaid conference focused on his latest book, [The Communist, Frank Marshall Davis: The Untold Story of Barack Obama's Mentor](#). Other notable recent works include "The Crusader: Ronald Reagan and the Fall of Communism" and "Dupes: How America's Adversaries Have Manipulated Progressives for a Century."

In *The Communist*, Kengor delves deep into Davis's past to produce an extensively documented biography of the man who had perhaps the most influence on Barack Obama of anyone in his life. Davis was a

highly influential member of the American Communist Party, CPUSA member #47544, according to the FBI. He spent a lifetime engaged in pro-Soviet, communist activities. He likely moved to Hawaii to engage in surveillance for the Soviets, who considered the islands – not yet a U.S. state – of key military significance. Kengor shows just how deep Davis's communist ties were, and how important he was to Obama's worldview. Some highlights follow:

Obama repeatedly describes Davis' tremendous influence on him in his book "Dreams from My Father."

Davis is mentioned 22 times in "Dreams," at least once in every section of the book. Despite his pivotal importance, Obama never once identifies Davis by his full name.

All references to "Frank" have been purged from "Dreams" audio excerpts.

From the 1920s, American communists attempted to recruit black Americans.

From the 1920s, Soviet Union was sending money to American blacks.

Soviet goal was to create a separate "Negro Republic" in the American south.

Later they would join revolution to help create "Soviet America."

Davis joined the Communist Party about 1943, after the Hitler/Stalin Pact was signed.

Davis founded and edited the CPUSA's Chicago Star newspaper; regularly wrote virulently anti-American "Frank-ly Speaking" editorial.

Davis had "direct line to the Kremlin;" obtained exclusive interview for Star reporter with Soviet Foreign Minister Molotov.

Soviet agents I.F. Stone and Lee Pressman wrote for the Star.

Star editorial writer Howard Fast was a communist Hollywood screenwriter and winner of the Stalin Prize.

Two top Obama aides are connected to Davis cronies.

Vernon Jarrett (father-in-law of top Obama advisor, Valerie Jarrett) and Robert R. Taylor (Valerie Jarrett's grandfather) knew and worked with Davis in Chicago on a communist project, the "American Peace Mobilization."

Communist and suspected Soviet agent David Canter worked with Davis in Chicago.

Canter later mentored Obama chief strategist, David Axelrod. Axelrod coined "Hope and Change" slogan.

Soviet Union had strong strategic interest in Hawaii, not yet a state when Davis moved there.

Canter family and others purchased the Chicago Star to facilitate Davis's move, and renamed it "The Progressive."

Communist Party founded Honolulu Record in August 1948, just in time for Davis's move;

Davis picked up at the Record where he left off, writing the same "Frank-ly Speaking" column until the paper's demise in 1958.

FBI file shows that Davis was getting paid by International Longshoremen and Warehousemen's Union,

ILWU, run by CPUSA Central Committeeman Harry Bridges, was recognized as the union most penetrated by communists.

Davis used camera with telescopic lens to photograph Hawaiian shoreline.

Davis's editorials for Both Star and Honolulu Record consistently followed the Soviet line.

For these and other Communist Party activities, FBI suspected Davis was working for Soviets.

FBI placed Davis on Security Index. Upon outbreak of war with USSR, Davis was subject to immediate arrest.

Davis was listed as a communist party member in a 1957 Senate Judiciary Committee report titled "Scope of Soviet Activity in the United States" which covered subversive activities in Hawaii.

Until 1989, the Soviet Union controlled, directed and bankrolled all activities of the American Communist Party. All CPUSA members were therefore de facto Soviet agents, knowingly or otherwise. From all appearances, CPUSA member #47544, Frank Marshall Davis, knew it. He was very likely assigned to Hawaii specifically for surveillance and subversive purposes. So Frank Marshall Davis, Soviet agent or communist dupe, was the person with the most profound influence on our sitting President. Is Barack Obama similarly disposed? It certainly appears that way. And the next speaker presented a case that furthers this thesis.

Dreams from My Real Father

Joel Gilbert is the president of Highway 61 Entertainment in Los Angeles. He is a contributing editor for the national security and foreign policy website familysecuritymatters.org, and has appeared frequently as a foreign policy analyst on national radio shows. He is the writer and director of the notable films *Atomic Jihad: Ahmadinejad's Coming War for Islamic Revival* and *Obama's Politics of Defeat and Farewell Israel: Bush, Iran, and the Revolt of Islam*.

At the Kincaid conference he spoke about his new, groundbreaking film, "Dreams from My Real Father: A Story of Reds and Deception." At first blush, I, like Cliff and others, was skeptical. But Gilbert extensively researched his subjects for this film, and uncovered previously unknown information about Obama's family that lends strong credibility to his argument. Gilbert's film convincingly advances the thesis that CPUSA member Frank Marshall Davis was not only Obama's ideological father, but his biological father as well. It presents a "cohesive understanding of Obama's deep-rooted life journey in socialism." Evidence includes:

- A series of nude photos of Obama's mother, Anne Dunham, taken by Davis at his Hawaii home when Dunham was five weeks pregnant with Obama
- Photos were sold to be used in a men's mail order nude photo album
- Davis wrote extensively of sexual encounters with "Anne" in his autobiographical novel, "Sex Rebel Black", and she was the subject of one of his erotic poems.
- Documents showing that Dunham attended college in Seattle, Washington immediately following Obama's birth and was not in Hawaii with Obama Sr. as Obama claims
- Obama Sr. was already married to a woman in Kenya and had children of his own
- Marrying Anne would allow Obama to extend his stay
- Obama Sr. was brought to America through a CIA program and was welcomed to Hawaii by Anne Dunham's father, Stanley
- Stanley Dunham had a strong personal incentive to hide his daughter's relationship with Davis from authorities
- Obama's physical features, including his height, build, facial features and freckles are very similar to Davis but nothing like Obama Sr. The correct pronunciation of "Barack" is "BEER-ick," a pronunciation Obama never uses
- Obama's poem, "Pop" was written about Davis

This and other information points to the conclusion that Davis was in fact Obama's real father. Anne Dunham's marriage to Obama was a sham to disguise her illegitimate pregnancy by Davis, a communist and probable Soviet agent.

Gilbert suggests that Obama's birth certificate originally said "Father Unknown." This thesis was also advanced by Sheriff Joe Arpaio's cold case posse when they demonstrated that Obama's published birth certificate had been tampered with. Gilbert unveils additional discoveries:

Obama joined the communist May 19th organization according to a former member

May 19th was a support group for the Weather Underground

May 19th members went to Cuba to be trained in explosives by Cuban intelligence

May 19th members were involved in the 1981 Brinks robbery, murdering two policemen and a Brinks employee

Obama likely met Ayers while at Columbia

Obama attended a Socialist Scholars Conference in spring of 1983 with Bill Ayers

Obama was a "red diaper baby" as was Obama strategist David Axelrod

Gilbert further catalogs Obama's lifetime among the radical left which he has covered with deception and lies. Obama has pushed a phony, contrived background to mask an agenda unacceptable to most Americans.

In closing, Gilbert related that he has received many emails from viewers of the DVD expressing their concerns about Obama. One notable message from a Vietnam veteran worried that America is about to lose its freedom, and asked: "What did I fight for? Please can you get this information out to millions? It is our only hope..."

Gilbert then announced:

"Because of people like [the veteran] and because almost all levels of the media are suppressing the vital facts about Obama... I'm announcing that my distribution company is planning to send a free copy in the U.S. mail to millions of households... this process has already begun. ...We are expanding across all of the United States until every American understands the deadly Marxist dreams Obama has for us, from his real father, Frank Marshall Davis."

Weather Underground: White Reds Exploiting Blacks

Larry Grathwohl is the only FBI informant to successfully penetrate the Weather Underground (WU). He testified before several federal Grand Juries, the U.S. Senate, and at the Mark Felt/Ed Miller FBI trial. He wrote the 1976 book, *Bringing Down America*, and now works with America's Survival, Inc. to re-establish Congressional committees to investigate internal security problems. Larry continues to provide insights into this malevolent organization and its most famous members, Obama BFFs, Bill Ayers and Bernardine Dohrn. At the Kincaid conference he presents his report, *White Reds Exploiting Blacks: The Weather Underground, Barack Obama, and the Fundamental Transformation of the United States*.

Larry started by relating that FBI background investigations used to apply something called the CARL standard. CARL stands for Character, Associates, Reputation and Loyalty. By that standard, President Obama fails on all counts, but in particular, his associates are damning evidence of an attitude irreconcilably hostile to America, the country he is supposed to be serving as the highest elected official in the land.

Those of us familiar with Bill Ayers know that he authored [Prairie Fire](#), WU's communist manifesto, and that it was dedicated to people including Bobby Kennedy's killer, Sirhan Sirhan. Most people are unaware that Ayers was denied a position at

According to Grathwohl, **Ayers once said that both Kennedy assassinations were a good thing**. In his own words:

I remember one meeting when our Weatherman "collective" brought up the subject of the Kennedy

assassinations. At least 20 to 25 people were present and Bill Ayers was one of them. I heard Bill state that the murders of both John F. Kennedy and Robert F Kennedy were a good thing because liberals compromise the conflict between U.S. imperialism and the socialist revolution. Liberals prevent the contradictions from becoming obvious and thus prevent a revolution. Therefore, the assassinations of the Kennedys were to be welcomed as a necessary advance on the road to communist world revolution.

In other words, if someone's existence messes up the narrative, Ayers says get rid of him! Robert Kennedy's son, Christopher, who sits on the board of the University of Illinois, saw to it that Ayers was denied "emeritus" status because of this. Kennedy said, "There can be no place in a democracy to celebrate political assassinations or to honor those who do."

Bill Ayers, just a guy in the neighborhood... Nothing to see here, move along...

Most people are unaware that WU was essentially a project of communist Cuba's intelligence organ, the DGI. Larry describes Ayers' WU activities:

Ayers and Dohrn had numerous contacts with the DGI in both Cuba and Canada. DGI provided advice, logistical, communications, guerilla training and/or financial support

This support extended to the May 19th organization that Obama allegedly joined. May 19th was responsible for the Brinks robbery and murders

The FBI says an individual working for Soviet Intelligence joined Students for a Democratic Society – WU's parent organization – as a spotter for recruits. SDS members figure prominently among Obama's contacts and friends

Bernardine Dohrn was egged on by the Cuban and Vietnamese communist agents, who claimed WU weren't authentic revolutionaries due to their "white-skinned privilege"

This bothered them because it was and is true that most "revolutionaries" come from wealthy backgrounds and don't know a thing about being poor

Weatherman doctrine claimed American minorities were a "colonized people" and could therefore legitimately fight a war of liberation, but white leaders were part of U.S. racist imperialism or at least benefited from it

Yet, urged to recruit "authentic" black and Hispanic revolutionaries to the leadership, WU leaders resisted, feeling threatened and inadequate; feared losing their positions

Ayers and Dohrn wrote a book in 2009 titled "Race Course Against White Supremacy"

Publisher's statement said: "Our work, the work of Ayers and Dohrn... made it possible for Hillary Clinton and Barack Obama to run for the presidency. And President Obama's successful campaign started on the streets of Chicago."

Larry concludes that both blacks and Muslim terrorists, whom he says have been allies of the communists as "oppressed people of the Middle East", are cannon fodder for the Left's world revolution. "Blacks," he said, "are not to be liberated, but exploited, even killed, on the road to liberation."

There was *much* more. Grathwohl's report can be read [HERE](#). His presentation can be viewed [HERE](#).

Other conference participants included:

Ryan Mauro is the national security analyst for [RadicalIslam.org](#), the website of the Clarion Fund, the organization that produced the films, "Obsession," "The Third Jihad," and "Iranium." An adjunct online professor of terrorism and homeland security, he has a Bachelor's degree in Intelligence Studies and a Master's degree in Political Science from American Military University. He is an expert on the dangers posed by the Muslim Brotherhood. At the Conference he aired excerpts from The Third Jihad and took questions.

Mauro discussed the controversy surrounding Hillary Clinton's aide, Huma Abedin (wife of former Rep. Anthony Weiner), and [Walid Shoebat's evidence](#) that Abedin's father, mother and brother either belong, or did belong (her father is deceased) to the Muslim Brotherhood. Was this compromising fact considered in her State Department employment?

When Rep. Michelle Bachman raised concerns about this, she was attacked not only by Democrats, but by Senator John McCain, House Speaker Boehner and other prominent Republicans. Rep. Bachman responded with a [sixteen page letter](#) to Muslim Democrat Rep. Keith Ellison, one of her harshest critics.

Jeremy Segal blogs at [rebel pundit](#) and is a disciple of the late Andrew Breitbart. He produced the video of Rep. Danny K. Davis being honored by the communist newspaper, People's World, at the Communist Party U.S.A.'s headquarters in Chicago. The award was for a lifetime of "inspiring leadership." Rep. Davis is an old friend of Barack Obama's.

Segal is a brave guy who also has documented Occupy antics with his camera. See his full presentation [HERE](#).

This press conference was a cornucopia of information. There was so much more, too much to be adequately described. One could literally write a book about it. A few more items, however, bear repetition here.

The alleged Wikileaks source, U.S. Army Sergeant Bradley Manning, claims that his information sources include [Shin Inouye](#), an Obama White House official

Holder's Justice Department has blocked efforts to impose the death penalty on Manning

Robert Kennedy's killer, Sirhan Sirhan was a hardcore communist and called the date of Kennedy's death the beginning of the end for America

JFK's killer, Lee Harvey Oswald, was also a committed communist. He was also a Soviet agent, who was trained in assassination by the KGB

Ion Mihai Pacepa, the former Romanian intelligence chief who defected to the U.S. submitted a report for the Kincaid conference which provides proof of Oswald's KGB connection

A [recent book](#) by former CIA Case Officer Brian Littel charges that Cuba knew of Kennedy's assassination plot before it happened, and was [probably behind it](#), along with the Soviet Union.

George Soros and the Prison De-Population Movement

On Friday July 20th, James E. Holmes allegedly shot up an Aurora, Colorado movie theater, killing twelve and wounding scores more. [Allegations surfaced](#) that Holmes was a member of the Occupy movement and perhaps a participant in violent "Black Bloc" activities. This has not been confirmed and the media has suspiciously gone silent on his past. However, one thing has been confirmed. If Democrat sugar daddy George Soros had his way, guys like Holmes, in fact every violent felon currently behind bars would be set free.

Among the hundreds of extremist leftwing organizations supported by Soros' [ill-gotten gains](#) is Critical Resistance, a group founded by communist cop-killer Angela Davis that advocates throwing the prison doors open because American prisons are tools of white racist capitalists and prisoners are "victims" of our oppressive government. Critical Resistance has advocated:

Prison Strikes

Abolishing solitary confinement, which they call "torture"

Effort to ban employee criminal background checks, a move now being considered by the Equal Opportunity Employment Commission

"Adequate" standard of living and medical care for prisoners

Release of domestic terrorist Marilyn Buck, Eric Holder's Justice Department granted that request and unrepentant convicted murderer Buck is now free

A related organization is the W. Haywood Burns Institute. Domestic terrorist and Obama friend Bernardine Dohrn [sits on its board](#). Burns was Dohrn's brother-in-law and a communist lawyer who defended Angela Davis and other radicals. Obama's Harvard mentor, [Derrick Bell](#), another communist, revered Burns.

The Obama/Holder Justice Department has [awarded \\$400,000](#) to the Burns Institute. Could this be because Dohrn is on the board or do they support the agenda for its own sake? Where was the mass media?

Ayers and Dohrn – just people in the neighborhood. Nothing to see here; move along...

Cliff Kincaid meanwhile, [has written](#) that the entire issue could be settled quickly if Abedin's security clearance form were produced. I won't be taking bets anytime soon. More information about Abedin can be found at [Americas' Survival](#).& See Mauro's full presentation [HERE](#).

Cliff Kincaid organized this Conference. Cliff has probably done more over the years to report on America's radical left than any other living person. He is a veteran journalist, author, and media critic, serves as President of [America's Survival](#), Inc. and director of the [Accuracy in Media](#) Center for Investigative Journalism. He released the [600-page FBI file](#) on Barack Obama's communist mentor, Frank Marshall Davis, in 2008, and has called on Congress to re-establish committees examining internal security problems in the U.S.

Cliff's introductory and concluding remarks are a story unto themselves. Watch [HERE](#) and [HERE](#).
