Barrack Obama's Real Father Theory.

May 7, 2012: All the “birthers”, those people who don’t believe President Barrack was not born in [the United](#) States, are going to love this.

Not only was Barrack Obama not born in the United States, Joel Gilbert insists that Barrack Obama’s father was not Barrack Obama Sr., but rather Frank Marshall Davis, a [Communist Party](#) USA propagandist.

Frank Marshall Davis supposedly was a Communist Party USA (CPUSA) head member in Chicago and Hawaii, as well as a writer and poet. He was under FBI investigation or surveillance for 19 years, according to Gilbert. Davis was on the FBI’s ‘Security Index A’, which meant (Gilbert points out) he would be [arrested](#) in the event of national emergency.

Joel Gilbert is an Islamic history scholar, writer and director. After 2 years of research, interviews, newly unearthed footage and [photos](#), and the writings of Frank Davis and President Obama, Gilbert published his finding in his book “Dreams of My Real Father”. According to Gilbert, the book “weaves together the proven facts with reasoned logic and speculation in an attempt to fill-in the obvious gaps in Obama’s history.” In addition to his book, Gilbert also produced a [movie](#), with the same title. The movie chronicles Barack Obama’s life journey in socialism, from birth through his election to the Presidency (per the book and Gilbert’s research). It is Gilbert’s stance that Barrack Obama’s political agenda is framed by his real father Frank Marshall Davis.

Joel Gilbert, who is not a “birther”, concludes, “The

'Birthers' have been on a fool's errand. To understand Obama's plans for America, the question is not 'Where's the [Birth Certificate](#)?' the question is 'Who is the real father?'"

I am neither a "birther" nor do I subscribe to Joel Gilbert's research. I am just sharing.
