I wouldn't like Obama more if he had had a different father. I don't like him for what he is NOW!

Comment by [Kathryn Ball](#) on Friday

Obama & Frank Marshall Davis' facial bone structure is amazingly similar & it certainly would have been a huge act of rebellion for Ann Dunham to have slept with Davis as the accompanying article poses.....

But REALLY.....I don't give a rat's behind WHO the "SPERM DONOR" was.....BHO needs to join all of his faithful followers at the welfare office on Jan 21, 2013!!!

I know that LOTS of people are dedicated "Birthers" and I will admit that the evidence certainly points to sleazy goings-on. The Courts have denied the Birthers allegations, regardless of the evidence presented.

The only way to 'retire' this president is to defeat him in Nov.! And please don't forget to fire any and ALL Congressmen & Senators who have sat meekly by and allowed this administration to trample the Constitution and to totally bypass Congress' role to advise and give consent for presidential proposals.

Personally, I would like to see him impeached but the spineless candy-asses in the House don't have the stones to start the process and the idiot party in charge of the Senate would never try the case!

In a perfect world, the useful idiots in the US Congress & Senate should ALL be required to pay [personally] for all of their ridiculous programs & schemes that have put this nation at such high risk.

Our "leaders" are nothing more than jackels and should be treated accordingly!

Can you say D I S T R A C T I O N ?? Understand the more your energy focuses on 'what if', the less you focus on what we've got him on. It doesn't matter--his LEGALLY specified father is Barack Obama Sr. Whatcha going to do if he now shows a BC that says FMD is is father? Let it slide because that makes him a NBC? Ever notice that this kind of distraction comes up just when we are zeroing in on his ineligibility? Just coincidence? And, what are you going to do if Rubio is selected for VP? claim its ok because he has a BC?
