

STRYPER

Live In Indonesia At Java Rockin' Land

(MVD Visual)

FOR FANS OF: Petra, Motley Crue, Poison

With multi-platinum sales on both sides of the faith fence, Stryper's reigned supreme as the kings of melodic metal for nearly 30 years. Filmed before a massive festival crowd adorned by booming

production, this hard hitting DVD continues that tradition thanks to a set list stocked with era defining MTV hits and some deeper album cuts that truly find "The Yellow and Black Attack" at the top of their game.
