

STRYPER

"Live in Indonesia at the Java Rockin' Land" DVD

Track Listing:

This band always got a bad rap back in the day because they pushed their religious beliefs way too much....the sad reality is that when you watch this video you realize Stryper are musically on the same level as say Avenged Sevenfold & Iron Maiden YET they never got that same fan praise because they pushed the bible too much!

This dvd captures all the bands hits but sadly they cut all the cool covers from the set and what I mean by that is the band have been playing a slew o' covers in the set the past 2 years and on this concert set it's only original material.

I give it to Stryper, they sound amazing on this disc, the brothers still look great & there's some damn fine guitar playing on this record!
