

Mark of the Beast (<http://mvdb2b.com/s/MarkOfTheBeast/MVD5549D>)

Based on Rudyard Kipling's tale, this movie brings horror to life. If you thought that the disease in 'Cabin Fever' was scary, you'll surely be frightened of the leper in this movie. What would you do if you found a leper in the woods? Cherry (<http://mvdb2b.com/s/Cherry/MVD5474D>)

Not a horror film, but still scary in my book. A love triangle turns bad, and who will get hurt? Come one, sometimes relationships are even scarier than scary movies. Don't lie, you've had nightmares about some of your exes, we all have!
