

TIGHT

"dvd" -

Track Listing:

This mockumentary narrates the rise of Bree Olson's band...the essential selling point of this band is that they are porn stars TRYING to make it in the music business as rock stars.

The sad reality is that the band sucks...the music is not good and the selling factor of tight is that they are porn stars!

This dvd is a fun almost Spinal Tap-ish look at life on the road & the band is more or less a spoof with lotsa sexiness tossed in & an occasional boob or 2 is shown just so ya know!

The sad reality of this band is that none of it's members are really good musicians so it makes the entire "band" shtick a joke yet it's still a funny mockumentary to watch & there's a slew o' bonus features that shows footage & pics not included in the actual show.

The best thing I can say about this dvd is, don't expect good music, expect NOTHING but porn stars TRYING to be rock stars & watch this movie with a grain of salt because it's a mock reality show based on porn stars "Trying" to make it in rock n roll....overall it's a fun watch.
