Nude Nerds Misbehaving (MVD)

By

[Upchuck Undergrind](#)– January 16, 2013 **Posted in:** [Reviews](#)

Oh, man, one of the best sexy cinema titles EVER! And a most excellent concept to boot. Some of us guys out here appreciate more than just a supple, delectable, find, round in the right places, succulent, gorgeous ... ahem. Starting over, some of us guys appreciate more than just the looks – though we most definitely appreciate physicality as well. But the brain is too overlooked, especially in the realm of sex films. I guess it's the other head they have in mind most of the time. But this softcore blessing from the gods of science – as well as Bacchus, doubtless – are a series of hotties with their minds on education. Of course, there's PLENTY of "sex education" in here, but with an array of beautiful babes, everything from student to teacher, sharing their minds AND bodies, it's hard to go wrong. And, besides, even if brains ain't your thing, does that mean you can't still kick back and enjoy the general hotness?
