MUSIC Honky CD Release

Fri., Oct. 12, 9pm

Red Eyed Fly, 715 Red River, 512/474-1084

Stoner talk diminishes the classic rock grandeur of Honky's new 421. That's 421 not as in a minute pastherbal hour, but rather the interstate highway between Indiana and North Carolina. As opener "WFO" proclaims, its acronym stamped below a speed limit sign on the album, "wide fucking open." With special guests covering the long-running local trio of JD Pinkus, Bobby Ed Landgraf, and Justin Collins, plus a listening preview topped by the Championship Superboogie kings themselves, tequila Friday's in effect. - Raoul Hernandez
