<p><b>Honky</b> 421</p> 	<p>Buckle your seatbelt and press Play... HONKY's new album, "421" contains high-octane riffs &amp; premium unleaded rhythms; Catchy hooks, driving percussion, smokin' solos, and bass licks with more fuzz than a 1970s porn star's hoo-ha!</p> <p>This Championship Superboogie trio's brand of Southern Rock will drain the whiskey out of your speakers!</p> <p>Favorite tracks: WFO / Just A Man / Walton County / Over Easy / Black Joe's Bitch</p> <p><a href="http://www.honky.net/">http://www.honky.net/</a> <a href="http://www.facebook.com/TeamHonky">http://www.facebook.com/TeamHonky</a></p> <p>4 out of 5 stars</p>	<p>Corey</p>
<p><b>ZZ Top</b> La Futura</p> 	<p>Few bands are able to endure the tests of time, the ever-changing music industry, or each other... But after 40+ years and 15 albums, "That Little Ol' Band From Texas" are still rockin' strong!</p> <p>Teaming up with legendary producer Rick Rubin to record their first album in 9 years - ZZ TOP's "La Futura" is a straight forward, solid Rock-n-Roll/Blues album.</p> <p>Well-written songs with memorable hooks, signature solos, and trademark swagger; The future sounds good for Dusty, Frank, and The Reverend Willy G!</p> <p>Favorite Tracks: "I Gotsta Get Paid" / "Chartreuse" / "Over You" / "Heartache in Blue" / "It's Too Easy Manana"</p> <p><a href="http://www.zztop.com/">http://www.zztop.com/</a></p> <p>4 out of 5 stars</p>	<p>Corey</p>
<p><b>Vision Of Disorder</b> The Cursed Remain Cursed</p> 	<p>11 songs with enough venom to wipeout a small country - The Cursed Remain Cursed is the 5th album from VISION OF DISORDER and their first release in 10 years. Time has certainly done nothing to calm the band's face-smashing style!</p> <p>Razor sharp riffs, bulldozing rhythms, and throat-punching vocals;</p> <p>From start to finish, this album hits harder than a NY Giants DE in the Super Bowl!</p> <p>Favorite Tracks: "Loveless" / "Set to Fail" / "Hard Times" / "Skullz Out (Rot In Pieces)" / "New Order of Ages"</p> <p><a href="http://www.facebook.com/VisionofDisorder">http://www.facebook.com/VisionofDisorder</a></p> <p>5 out of 5 stars</p>	<p>Corey</p>
<p><b>Steel Panther</b> British Invasion</p> 	<p>On the heels of its North American release, STEEL PANTHER BRITISH INVASION is #1 in Australia! As a result of this unprecedented demand, the US, Canada, UK and Europe are increasing their initial expectations for the DVD and as such the release date is being pushed back to allow for manufacturing needs to meet the demand.</p> <p>New release dates: US &amp; CANADA: 10/30 UK &amp; EUROPE: 10/29 GERMANY: 10/26</p> <p>Steel Panther British Invasion filmed at Brixton Academy in London with 16 cameras by award-winning Director/Producer Daniel E. Catullo III (and his DC3 staff), features songs like "Asian Hooker", "Community Property", "The Shocker" and "Stripper Girl". The Bonus Disc includes a 40 minute documentary, deleted scenes and 5 songs from Download Festival 2012, and features a special guest appearance by Corey Taylor (Slipknot). Steel Panther is a balls out, twisted metal blending of Spinal Tap and your favorite 80s hair band, with adult side splitting comedy banter that must be seen to be believed. Recently referred to as a crude, rude, look at my crotch, boy band, a Steel Panther stage show is not for the faint of heart or prudish rocker. Prepare to be</p>
