Short Version: the fastest, loudest documentary of the year

My first exposure to the Circle Jerks was the song "World Up My Ass." Admittedly, I discovered the song about fifteen years after it had been recorded, but - to me at least - it sounded as fresh and raw as it undoubtedly had in 1980. The Circle Jerks are perhaps the quintessential West Coast punk band - fast, loud, and completely socially unacceptable.

David Markey's CIRCLE JERKS: MY CAREER AS A JERK is an oral history of the band, their trials, tribulations, and constantly changing personnel. The majority of the time is spent with founding members Keith Morris and Greg Hetson, both punk pioneers in their own right.

Henry Rollins, J Mascis, and Greg Graffin each make appearances to discuss the influence of the Circle Jerks. These appearances are painfully brief, however, and MY CAREER AS A JERK is more focused on the members' opinions on their influence than outsiders' opinions.

MY CAREER AS A JERK is great documentary that captures the fun spirit of the band and contains a ton of classic live performances. Some deleted scenes and bonus interviews round out the disc, but the main feature contains more than enough information to make you a certified Circle Jerks expert.

ngaret recommended for all punk fans and music lovers in general, MY CAREER AS A JERK should put the band's contributions in perspective and erase the memory of the time they recorded a song with Debbie Gibson.
