## [Stranglers: On Stage, On Screen \(Wienerworld / MVD\)](#)

By

[Upchuck Undergrind](#)

– February 18, 2013 **Posted in:** [Reviews](#)

MVD Visual again proudly puts out for the punkers. THE STRANGLERS: ON STAGE, ON SCREEN is in some ways a classic type rock DVD, but it's also not. The first set of concert footage from this hailed cult punk band is an electrified, plugged in punch in the face featuring the hits (not just the blows to your skull and eardrums) fans wanna mosh to. But let's stretch things a bit. Punk's about pushing the envelope, right? Outside the norm, all that? Sure it is! So how about punk unplugged? I can't say their the first to try it (I really don't know) but seeing a punk band kick it acoustic is certainly surprising. But things REALLY get strange when you get to the bonus feature film that comes with the two live sets (this DVD is really packed, filled to the fucking brim). It features band members as well as Oscar caliber talent in the form of none other than Susannah York, and in her last feature appearance, no less. That is enough to make you scratch your head, but the movie on its own will provide ample evidence of that. And you have to wonder, when the back of a peculiar punk rock disc like this says "contains bloody images", you have to wonder ... where? In the movie? The music scenes? I'm not telling, which means if you're curious I guess you'll have to go pick this up and find out, huh?
