May The Damned be blessed! One of the great influential punk rock bands that sliced through the gobs of sound-alike punk bands to become an icon, a cluster of demigods in the business. Which makes it all more cool to see these punk deities manifest in modern times, in this case, by way of TIKI NIGHTMARE!!!!!! LIVE LIVE LIVE may be a band doing its thing long, long, long after its heyday, but that meaneth nothing. The Damned are damned tight in this performance and it does the punker's heart good to breathe in the edgy iconoclastic fumes that are the musical sounds of THE DAMNED. Pure punk concert punchiness. The energy is dense, the guitars are loud, the attitude fills the stage and will seep through your TV to crowd your room. Just hope no body-slam-happy punk rawkers pop through the scream. You'll have more to worry about than fucking poltergeists.

widescreen, 86 min. + bonus feat.
