THE PLOT

When it comes to your town, no one can run, no one can hide. EVERYONE MUST DIE! A pattern of similar killings occurs, leaving small towns aghast with grief and suspicion. When the massacre left Kyle's sister dead, he vowed to solve the mystery behind the gruesome pattern of slaughter, and find out where this seemingly death-proof killer will strike next. Join us, as this tale of gore spreads from town to town, person to person, and kill to kill, leaving nobody safe, because, after all...EVERYONE MUST DIE!

HOWS THE MOVIE?

I always have a love for slasher films. And, I enjoyed this one well enough. There are moments of cleverness in the plot and there are some funny moments in the dialogue. I'm not sure I'd say every little thing about it makes sense, but should a movie like this have to? This is a pretty good effort for a low budget film. That being the case this of course won't be a movie for everyone. If you can't appreciate cinema that just uses what they have this won't be for you.

The killer in this movie is a very different idea. I'm still a little torn on if I actually like the idea at the end of the day or not. I won't spoil it obviously, but I'll say that you can give it props for some reasons and hate it for other reasons if you really wanted to. If you like slashers I say give this one a try. I'm not sure you will be blown away, but it is entertaining enough.
