WELCOME TO THE MACHINE

A documentary detailing the 12 commandments of music industry as revealed by a multitude of stars, experts and professionals

Coming to DVD on August 6th

"Welcome to the Machine" is a documentary analysis of the functionality in music business. This automatically makes the film a 100% documentary with comedy and drama, as well as 100% semi-investigative. In 12 chapters we're trying to answer the question what the every day work life of a music star looks like.

Printable version

What do you have to consider when starting a band? What is a manager actually doing? How do music ...edia, band contests and other promotion strategies work? But most of all: Is there a formula for ...ss? The film gives a clear answer to that, although that is to say that there are as many formulas for success as there are ...bands. This is clearly shown in all the interviews, which have been taken with national and international stars during the production ...elcome to the Machine".
