

Alice Donut
Freaks In Love Vinyl

Alice Donut was born out of the CBGB scene of the mid '80s, playing a quirky, eclectic form of punk rock. Soon, the band signed with Jello Biafra's Alternative Tentacles label. This set includes an 11-inch picture disc with a few rare tracks, plus a DVD documentary that has interviews with Jello and others who were there, which makes for an interesting view. (MVD)
