As if *Showgirls* (1995) wasn't enough of an exercise in postmodern camp, here comes *Showgirls 2: Penny's from Heaven* (2011). **Rena Riffel**, who played backup dancer Penny in the original movie, wrote, directed, and stars in this comedic pseudo-sequel, reprising her role as plucky peeler Penny Slot. Seeking fortune and fame, Penny embarks on a quixotic quest to become the star dancer on a popular TV show, a journey that will lead her to some sinister, surreal, and positively SKINtillating places. She even tries to become *gasp* a "legitimate dancer"! Luckily, good sense and better bodies win out in the end, and we are treated to a buffet of boobs, butt and bush that will a-peel to all your baser SKINstincts. Penny for your slot, Rena!
