I am a big fan of horror and when I heard about the crazy ass film called "ThanksKilling", I knew I had to see it. I am sure like most people I found this film on Netflix. When I received an email about "Thankskilling 3", I immediately emailed back and said "how about "Thankskilling 2?"

Then I proceeded to read on and I laughed out loud for about an hour. "ThanksKilling 3" is being billed as the first movie ever to skip it's own sequel! That's genius right?

Official Premise: "ThanksKilling 3" follows the feathered villain Turkie as he carves through the likes of a rapping grandma, a mindless puppet, a wig-wearing inventor, a bisexual space worm, and their equally ridiculous friends on his quest to recover the last copy of ThanksKilling 2.

I have to admit, this exactly what it sounds like. Stupid, over-the-top and very raunchy but it is a absolute blast to watch! Did I mention that the film also promises "Boobs in the first second!" How many films can do that? It even outdoes the first film which has developed quite the cult following over the year. The film marks return of original creators Jordan Downey and Kevin Stewart and of course follows Turkie, the fowl-mouthed Thanksgiving villain There are also a bunch of new faces including a talking pumpkie pie named Captain Pie Lett.

Downey and Stewart funded and made the film thanks to Kickstarter and were able to raise over \$100,000. In fact it is currently the highest funded horror film on Kickstarter. An idea so ridiculous that you simple have to see "Thankskilling 3" for yourself to believe it. It is packed with raunchy humor and tons of very cool puppets. I give the creators mad props since these puppets look sick and they really put a lot of work in order to step up from the first film.

The special features are also impressive for this DVD. There are seven behind-the-scenes featurettes, covering all aspects of the production. There are two audio commentaries with creators Jordan Downey and Kevin Stewart. There is an Interactive Drinking Game included as well. There is a fun music video for "Flowis' Sprinkle of Wrinkle" and a infomercial for "PluckMaster 3000 Infomercial". Lastly there are trailers & stills galleries included.
