John Reiss follows up his extraordinary documentary street art documentary "Bomb It" with Bomb It 2, a search to understand graffiti scenes worldwide. Reiss ventures to Asia, Australia, the Middle East, and more places to investigate graffiti scenes and converse with local artists. An incredible number of high-profile graffiti artists speak their minds, including Ash Keating, Ayed, Darbotz, Killer Gerbil, Stormie Mills, Victor Ash, and many more. An extraordinary glimpse into multinational countercultures, Bomb It 2 is eye-opening, vibrant, and highly recommended. 73 min., Region 0.
