

THE BIG TAKE-OVER

gg allin

(un)censored: live 1993 DVD

(MVD)

GG Allin will forever be remembered for his ultra-violent stage antics driven by scum-laden punk rock songs. Angry after three years in prison, Allin embarked on what would be his final tour in 1993 with his brother, bassist **Merle Allin**, **Chrome Cranks** guitarist **William Weber** and **Dino** the naked drummer, who comprised **The Murder Junkies**. *(Un)Censored* collects four performances from that tour in all their bloody, rancid glory. The first show, from Chicago, is pretty mediocre, with Allin doing planned stage theatrics behind a large safety barricade, much like the lackluster 1991 *Raw, Brutal, Rough & Bloody* DVD (MVD). The following performances from Detroit, Houston and New Orleans, however, fully deliver feces, violence and solid shows from small, dark punk clubs. At least you won't have to duck now.
