

#### D.O.A. - TO HELL 'N BACK (DVD) - MVD VISUAL

D.O.A. the punk band from Vancouver, Canada have been around since the punk heydays in the '70s and had a farewell tour during 2013. The farewell was at least partly due to main man Joe 'Shithead' Keithley wanting to pursue a career in politics. This DVD is made up of footage of four separate shows recorded during that tour and a previous one. Songs featured are from shows in Vancouver, Calgary and Canmore, Alberta in 2011 and again Vancouver's Rickshaw Theater in 2013. There are a total of 30 songs across the four shows with titles like Police Brutality, General Strike, Riot, Class War, Fuck You and I Hate You exemplifying the punk attitude and style of music that often accompanies it. The quality is good but the crowds, though familiar with the band, seem a bit less energetic than one might expect. Bonus material includes an interview and recording session's footage. This DVD release includes an extra bonus, the full audio CD of D.O.A.'s last studio album, 2012's We Come In Peace. The album features 14 songs. – Anna Tergel
