New on DVD: The Classic King Family Specials

posted by Nell Minow

[King Family's Classic Television Specials Collection Volume One](#) comes out on DVD tomorrow. It is a lot of fun to visit the wonderfully wholesome King Family — the six singing King sisters and their spouses and children, who all seemed to live in a happy world of sunshine and rainbows back in the mid-1960's. Corny? Sure. But undeniably still a lot of fun.
