THE PLOT

20th Anniversary Edition. First time on DVD! Invasion of the Scream Queens takes you back to a time when the term "Scream Queen" was brand new and promised the hottest actresses in the best horror movies. Directed by cult horror icon Donald Farmer (Demon Queen, Savage Vengeance) and featuring interviews with legendary Scream Queens Michelle Bauer, Brinke Stevens, Mary Woronov, Melissa Moore, Elizabeth Kaitan and many more. Get an inside look at what it takes to be a scream queen and hear the behind-the-scenes stories about the making of some of the most classic horror films of our time, including The Hills Have Eyes, I Spit on Your Grave, Slumber Party Massacre, and many more. All the babes, the boobs and the blood are on full display here in this classic, rare document from the heyday of horror, available for the first time ever on DVD and packed with special features.

HOWS THE MOVIE?

I think a release like this is great because I hate when films seem to fade away into obscurity. Now, this was already a sought after VHS in the world of VHS collectors and now it can have a new life and last even longer with this DVD release of the film. Really what you get with a film like this is a time capsule of a certain time that is long gone. Here we have more or less what you could say are real scream queens and it is often amusing, humorous, and funny to see what most have to say in their interviews. Especially now some years later when we can look back and see what has become of each person over the years.

Donald Farmer is a good interview and he knows how to conduct a good interview. That means besides just the interviews on the screen, we also have a really good recent interview with Farmer on the extras of the release as well. This is the type of film that would be perfect for one of those rare VHS releases that everything is getting these days. If that doesn't happen, it is still great to finally see a piece of horror history make its way to DVD at long last for a new generation to discover and enjoy.
