

## **DEEP SEA BLUES**

### **Wienerworld/MVD Visual MVD7387BR**

I am sure, that like me, you would love to experience the Legendary Rhythm & Blues Cruises that sail around the Caribbean stopping off at various exotic locations whilst also featuring performances and jam sessions from some of the finest blues artists on the scene today.

If you don't have the opportunity to sail on one of these voyages but would still like to experience what they are all about then this DVD is the next best thing to actually being there.

The DVD contains two films by acclaimed director Robert Mugge – 'Deep Sea Blues', Mugge's 118 minute film documenting Roger Naber's 2007 Legendary Rhythm & blues Cruise and 'All Jams On Deck', a 96 minute film of the jam sessions on the 2010 cruise to the Mexican Riviera.

Both films feature stellar live performances from the likes of Tab Benoit, Bobby Rush, Deanna Bogart, Michael Burks, Earl Thomas, Lil Ed, Otis Clay, Watermelon Slim, Mitch Woods, Kim Wilson, The Fabulous Thunderbirds, Tommy Castro, Johnny Winter, Coco Montoya, Sister Monica, Elvin bishop and John Nemeth amongst many others.

What are you waiting for? Join the Blues Cruise in your own front room!
