**THE TONIGHT SHOW
STARRING JOHNNY CARSON:
JOHNNY AND FRIENDS
(3-DVD)
Time Life**

This collectible 3-Disc set includes over eight hours of vintage Carson from the '70s, '80s and '90s, featuring three of the most-loved guests from *The Tonight Show* — Steve Martin, Robin Williams and Eddie Murphy. Each disc contains one of the guests and has complete, unedited shows — including vintage commercials — highlighting some of the most cherished moments from the show's 30-year run. Steve Martin blew his first appearance as a guest in 1972 and was banished. His later return as a guest host paved the way to success for him. The late Robin Williams was hilariously out of control with his utter unpredictability and free-association riffs, leaving Carson in awe at his comedic juggernaut. Eddie Murphy made three appearances over a seven-month span in 1982, which precipitated his elevation to superstardom and his *Saturday Night Live* success.

French detective Julien Baptiste becomes embroiled in the mystery when he races across Europe to pursue the 12-year-old case. The second installment of *The Missing* dramatizes a thrilling chase for a missing girl while exploring the

murky morality and emotional complexity of what happens when a missing child you've been longing to return actually does come back.

Hungry for the fame that eludes them, Bryan will do anything to reclaim his status as a pro gamer, and though Scott doesn't identify with the circuit like he used to, he agrees to help assemble a squad of top tier players in order to get back to the top of the pro gaming world. But at what cost?

**AL GREEN -
GOSPEL ACCORDING TO
AL GREEN (DVD)
MVDvisual**

Director Robert Mudge examines the turbulent career of soul singer and gospel preacher Al Green. In the early and mid-1970s, the release of songs "Let's Stay Together," "Love and Happiness," and "Tired of Being Alone" made Green one of the most successful soul and pop singers in the world. In the late '70s, Green suffered an existential crisis, prompted by a questioning of his own increasingly decadent lifestyle. His claim of a religious awakening after a concert at Disneyland was followed by periodic meltdowns, a hiatus from popular music, and his purchase of a Memphis church building. Naming himself as the pastor of that church, he then began a part-time career as a gospel artist.

AM I SAL MacGYVER?

I stopped by one of the newspaper officers where my commentaries appear. I was trying to fix something before turning it over to the publisher. When I asked one of the office folks for a paper clip, pen and scissors, he looked at me and asked if I was MacGyver. I told him I just needed those items. He said I must be MacGyver — after all, who makes those kinds of requests, eh?

**REMEMBERING MAFFEI
TWO YEARS LATER**

East Boston just passed the second anniversary of the pass-

ing of Anthony Maffei. He was one of the Dunkin' Donuts crew up at the Heights. I worked with him on several political campaigns and he so loved politics.

**THERE IS NO SUCH THING
AS A FREE LUNCH OR
FREE COLLEGE TUITION**

This is the biggest liberal scam going. State Rep. John Scibak, D-Fantasyland, thinks free college education is the way to go. Of course, he has no idea how to finance it all. I wonder though why does everyone need to go to college?

College isn't for everyone and we don't need to make it free. Many students need better technical education for real good jobs in the trades, but I don't see much push for this to happen. Today, we have so many college-educated young people under-employed or unemployed waiting for some kind of break to happen as they worry how to dig themselves out of a life of servitude due to their college debt.

How would the state college/university system survive with free everything? Stop playing politics with college education. Feel-good sound bites are just that. Get real.

• 122 Years of Continuous Publication (Continued from Page 1)

presidents, senators, congressmen, governors, and other officials praised the work of the newspaper in times of war and peace. The newspaper had to fight vigorously against all forms of discrimination in employment and immigration laws, yet on the issue of loyalty and patriotism, there was never any question.

The Italian immigrants, after a long period of confusion which was often bewildering, accepted in full the American concept of school, church and state and have become an integral part of this democratic society, bringing to it all the qualities the Italians have always possessed as builders, dreamers, organizers, fighters, artists, inspired teachers and defenders of both Italian and American ideals.

Throughout the United States, especially in Boston where freedom began over 225 years ago, LA GAZZETTA or the POST-GAZETTE has played a vital part in history.

Today, the University of Minnesota and the University of Florence in Italy have compiled all of our issues from the first to the current publication on micro-film for future generations, thereby recognizing the POST-GAZETTE's historical contribution to this country and the contribution of our unique culture to the people on these shores. We continue to bring to our readers the incredible stories of Americans from coast-to-coast who are the "Builders of America." We salute these great men and women who have made a tremendous contribution to our country and heritage.

Congratulations on Your Anniversary
