CBGB OMFUG Masters: The Bowery Collection Live

(3 stars)

New York punk hotbed CBGB played host to countless classic shows over the decades. Finally, somebody got the bright idea of releasing a bunch on CD. The first three discs in the no-frills series bring us a fiery 2001 set from retro-rawkers Mooney Suzuki, a blistering 2004 performance by hardcore brawlers Terror and an upbeat 2002 show from ska outfit Toasters. A good start.
