The Sic Fucks were one the earliest NYC punk/glam bands, formed by Russell Wolinsky with famous NYC scenesters/sisters Tish and Snooky...Tish and Snooky started their wild

musical career as flashy trashy back-up singers in Blondie.

Ultra fun music combined with witty lyrics and throw in some glam/trash style. This made The Sick Fucks a FAB band.

This live set features the band running through their best songs for a loving audience at the world famous CBGBs.

Sister Friends -- Tish and Snooky are also the Women who invented Manic Panic Hair Dye.. ..And have their Boutique for years on St. Marks Place.. ..And what would we have done with out that CRAZY COLOR!?!? To quote Meri St. Mary: "Wild Women Don't Die. They Just Dye Their Hair and Get Wilder."

My favorite cuts on this CD are The Ramones "Blitzkrieg Bop" and "Teenage Abortion" but they all fuckin' rawk!!! Buy This CD Now!
