**Grant Hart - Hot Wax (CON D'OR Records)** [audio] [shows]

Grant Hart's first studio release in a decade, featuring members of Godspeed You! Black Emperor, A Silver Mt. Zion, and Rank Strangers, most resembles his solo debut "Intolerance." Like most of his solo work, there's a healthy dose of keyboards and his ode to American furniture designer Charles Hollis Jones features a carnival organ. While commercial potential never seems to be a factor in his music, it's a shame the only appreciation Hart seems to get are from those people who remember the band he was in over twenty years ago. - **mark**
