Grant Hart - new album, tour dates, NYC show w/ Shilpa Ray

Husker Du's [Grant Hart](#) just released his first solo album since 1999's *Good News for Modern Man*. The record, *Hot Wax*, came out October 6th on Con D'or Records, and along for the ride were members of **Godspeed You Black Emperor** and **Silver Mt. Zion** (who recently [backed Vic Chesnutt](#)).

Hart is currently on tour behind the new disc, and he plays NYC's **92Y Tribeca** on **Saturday, December 19th**. [Shilpa Ray and her Happy Hookers](#) are also on the bill. [Tickets](#) are on sale. One day later Grant appears at [Record Collector](#) in Bordentown, NJ.

About the new songs, Hart said, "the song 'Narcissus, Narcissus' is my first attempt at combining ancient Greek mythology and American rock-a-billy. By merging those influences with an ice cream truck atmosphere I think I have found a style that defines this period of my career. 'You're the Reflection of the Moon on the Water' is one of the most organic rock and roll songs that I have ever written. It's style owes a lot to my devotion for Patti Smith. It was inspired by a comment made by a monk during the selection process to find the next Panchen Lama, who said of one candidate, 'he is the reflection of the moon on the water but he is not the moon.'"

Bob Mould [also has shows coming up](#) including 2 nights in a row in NYC.
