## **DONOVAN - CONCERT: LIVE IN L.A.**

This incredible performance DVD was recorded in front of a packed house of adoring fans at the Kodak Theatre in Hollywood, Calif., on Jan. 21, 2007. On this, his first Music DVD, Donovan performed all his legendary hits and cult classics. Master filmmaker David Lynch introduced the concert held to benefit the David Lynch Foundation for Consciousness-Based Education and World Peace; a program which funds in-school Transcendental Meditation programs for at-risk youth. Mike Love of the Beach Boys made a surprise appearance and Donovan's daughter Astrella Celeste performed alongside her father. It was truly a magical night! Bonus Materials include bonus songs- La Lena, Mexico, and There is An Ocean and a not yet released bonus song on his upcoming Ritual Groove CD: Illusion.
