Wu-Tang Clan MC Method Man's first full-length concert DVD, *Live From The Sunset Strip*, will be released in two different versions by MVD Visual.

Method Man

The normal version, with 5.1 Surround Sound audio, will come out on Oct. 30. A high-definition DVD will be available on Dec. 11.

In addition to the concert (which includes a tribute to late Wu-Tang member **Ol' Dirty Bastard**) there are interviews with Method Man and **X Clan's Brother J**, behind-the-scenes footage and a photo gallery.

Method Man (real name **Clifford Smith**) was the first Wu-Tang member to release a solo album with 1994's *Tical*. He has put out three more solo efforts since then and is working on a new album called *Crystal Method*. He has also acted in a number of movies and television shows.

Method Man accepted a [plea bargain](#) in August to carry out community service in connection with his May arrest for driving under the influence of marijuana.

The release of Wu-Tang's long-awaited *8 Diagrams* has been pushed back a few times, but the album is now scheduled to come out on Dec. 4.

Here are Method Man's Canadian tour dates:

- Nov. 8 Vancouver, BC @ Plush
- Nov. 10 Edmonton, AB @ Edmonton Event Centre
- Nov. 12 Calgary, AB @ The Whiskey
- Nov. 14 Saskatoon, SK @ The Odeon
