DVD Review: Farewell Israel – Bush, Iran And The Revolt Of Islam

November 22th, 2007 by zzsimonb

Mike Kuykendall

On my goodness, I don't even know where to start with reviewing this diatribe of rubbish! I can only assume that film maker Joel Gilbert's next project will be Warren Jeffs expounding on the joys of pedophilia. With a running time of 145 minutes this Lefty political documentary is about 144 minutes too long!

I have no idea how much Joel Gilbert got paid to create this waste of time, but it likely was substantial, on a scale of 10 to 100 million points.

In the very unlikely event that you would want to subject yourself, or your friends and family to this torture, you can get it [here](#). Joel Gilbert does have a directing and production style that he has qualities lacking in many other film makers, one can only hope that he channels his talents in new directions.
