## REVIEWS

### Operation: Pussycat

Kei Mizutani, Nao Eguchi  
 Ryuichi Honda

Deadly female cons, incest and a crazy soundtrack, it could only be a Japanese flick.

**NOW** on orders over **£15**

## THE WORD

Whatever 'Operation: Pussycat' is, it isn't made clear to the viewer, at least not in the subtitles provided. Whilst the plot, or what exists of one, isn't anywhere near as complex as your typical Disney storyline 'Operation: Pussycat' does manage to be engaging without being wholly apparent. Three women are after something, except people keep getting in their way-such interruptions are met with seduction and/or death; any more insight into the plot and I'll have managed to give it all away, and that just wouldn't do now-would it?

Clearly shot on a budget wonky camera, comedy catfights and bizarre sexual objectification of any female characters give a kooky, dated feel to the movie and, somehow this seems to work. The script is minimal, the acting mildly amusing but you get the feeling that that is the point; a parody on the likes of 'Charlie's Angels' with the pretty girls and suggestible outfits being the apparatus of evil, not the cure for it here. 'Operation Pussycat' may not be wholly professional or politically correct but it is a mighty fun romp through a bizarre, linear plot and plenty of down right odd twists. Crazy is a terrible word used out of context, luckily its spot on here; simply insane.
