

ATTITUDE FOR DESTRUCTION/Rock N Roll Blood Guts An Sluts (MVD Visual) This is a neat little low budget slasher film about a band that wants to get rid of their lead singer and they do and he comes back from the dead to kill his ex band members. Sort of think along of the lines of Guns and Rose he he. This has the usual blood, girls, sex and metal music that any fan of the genre would want. Some of the stuff will make you laugh especially the lead singer at times. This was a fun film. Info:
