JOHNNY WINTER

Live Through The 70's DVD

Rating: 6 stars

Johnny Winter is a blues rock icon, & if you are un-familiar with his music from the 70's, then you probably don't know that he used to be a hard rockin' guitarist who played equal parts rock n roll & equal parts blues...these days the man is ALL blues, but back in the 70's he liked to rock pretty hard at times & this dvd captures the 70's era Johnny Winter...he has various backing bands on this dvd & even his brother Edgar makes an appearance on this dvd...overall, it's a great dvd that captured Johnny Winter at the height of his career...this is a must have for the Blues Rock guitarist's & ALL Johnny Winter fans everywhere...it's a great X-mas gift too!
