

## BOB DYLAN

### Inside Bob Dylan's Jesus Years

If foremost Bob Dylan expert John Bauldie were still alive, he'd probably be working on the

follow-up to his tome, *Oh No! Not Another Bob Dylan Book*, perhaps entitled *Oh No! Not Another Bob Dylan DVD*. There have been quite a few released of late, most of them unofficial and largely forgettable. And much as I came to *Inside Bob Dylan's Jesus Years* prepared – wanting even – to hate it, I left completely seduced by director Joel Gilbert's intimate telling of what to many disciples of His Bobness was one of the more embarrassing chapters in his story.

From the charming Pastor Bill Dwyer's recollections of Dylan's membership of the Vineyard Christian Fellowship Church, through further reminiscences by *Slow Train Coming* producer Jerry Wexler, voluptuous backing singer Regina McCrary, keyboard player Spooner Oldham, Jews For Jesus pioneer Mitch Glaser, and Joel Slevin – the borderline obnoxious though strangely endearing rock reporter who slaughtered the 'Born-Again' San Francisco shows in print, this is a compelling document of a period that merits re-examination.
