

The Vindicator

Bob Dylan “Inside Bob Dylan’s Jesus Years: Busy Being Born...Again” DVD (MVD Visual)

Often forgotten in the decades of music history created by folk rock legend Bob Dylan is his late-'70s period when the Jewish kid from Minnesota turned to Christianity. This 120-minute documentary, which is clearly aimed at the Dylan fanatic, features rare footage (including old Dylan interviews explaining his conversion), as well as rare photos and live concert material. Though the icon's peers (producer Jerry Wexler and keyboardist Spooner Oldham) are interviewed to discuss this period in his life, the fact Dylan isn't featured about his Jesus years is somewhat obvious and truthfully is a distraction. Still, for the die-hard Dylan fan who has everything, here's something new to add to that collection.
