**SYNOPSIS** Release Date: **February 23,2010**

Finally on DVD is the classic punk rock movie from 1980 starring Richard Hell, illustrating the end of the first wave of New York City punk rock better than any documentary. Nada (Carole Bouquet), a beautiful French journalist on assignment in New York, records the life and work of an up and coming punk rock star, Billy (Richard Hell). Soon she enters into a volatile relationship with him and must decide whether to continue with it, or return to her lover, a fellow journalist trying to track down the elusive Andy Warhol (playing himself). Featuring members of the Voidoids and the Ramones. This long lost film is like a time capsule from pre-Disneyfication New York City: sleazy, dirty and most importantly, real. The DVD package includes a lengthy new interview with Hell about the film and more.
