ANGELS VS. DEMONS: FACT OR FICTION?

The Vatican has condemned it. Readers around the world love it. And now we separate the fact from the fiction in Dan Brown's controversial bestseller *Angels & Demons*. We examine the cutting-edge science of anti-matter and question the historical accuracy of theology, conspiracies, symbolism and cults as described by the *The Da Vinci Code* author. Includes bonus feature: *Mystery of the Lost Catacombs*

**DRAG ME TO HELL (DVD & BD)**

Christine Brown (Alison Lohman) is on her way to having it all: a devoted boyfriend (Justin Long), a hard-earned job promotion, and a bright future. But when she's forced to make a tough decision that evicts an elderly woman from her house, Christine becomes the victim of an evil curse. Now she has only three days to dissuade a dark spirit from stealing her soul before she is dragged to hell for an eternity of unthinkable torment. Director Sam Raimi (Spider-Man and The Evil Dead Trilogy) returns to the horror genre with a vengeance in the film that critics rave is "the most crazy, fun and terrifying horror movie in years!" (Owen Gleiberman, Entertainment Weekly)

GNAW

It's nice to have your friends for dinner...

According to official statistics, more than 210,000 missing persons reports are filed every year. Some cases are never solved.

Now six friends head off to a country estate for a weekend of bonding, bed hopping and home-cooked feasts. But their good times go very bad when they encounter a clan of slaughter-happy psychopaths with expert skills in butchery and a ravenous hunger for teen-meat pies. What follows is a brutal battle for survival, complete with shocking carnage, killer twists, and graphic reasons to avoid UK cuisine forever. It's THE TEXAS CHAIN SAW MASSACRE in the English countryside in this grisly debut from director Gregory Mandry that walks a knife's edge between tongue-in-cheek humor and teeth-in-flesh terror. Bring a strong stomach and a hearty appetite: British horror is back with a vengeance!

**HARDWARE (1990; DVD & BD)**

At the time FANGORIA called it "The Best Sci-Fi Horror Film Of The Year!"

REMASTERED IN STUNNING HIGH DEFINITION FROM ORIGINAL VAULT MATERIALS!

It was the movie that stunned audiences, shocked the MPAA and marked the debut of one of the most uncompromising filmmakers in modern horror. Golden Globe® winner Dylan McDermott (The Practice, Dark Blue) stars as a post-apocalyptic scavenger who brings home a battered cyborg skull for his metal-sculptor girlfriend. But this steel scrap contains the brain of the M.A.R.K. 13, the military's most ferocious bio-mechanical combat droid. It is cunning, cruel, and knows how to reassemble itself. Tonight, it is reborn...and no flesh shall be spared. Stacey Travis (GHOSTWORLD) co-stars - along with appearances by Iggy Pop, Lemmy of Motörhead and music by Ministry and Public Image Ltd. - in the kick-ass sci-fi thriller from Richard Stanley (DUST DEVIL) that Fangoria calls "gritty, trippy and frightening...HARDWARE is one of the best horror movies you've never seen!"

Totally Uncut, Uncensored And On DVD For The First Time Ever!

THE HAUNTED AIRMAN

Flight Lieutenant Jugg (Twilight's Robert Pattinson), confined to a wheelchair after being wounded in action, arrives at a remote mansion in Wales to recuperate. Suffering from terrible nightmares and visions, he suspects the methods of his psychiatrist, Dr. Hal Burns (Julian Sands). His beautiful aunt, Julia (Rachael Stirling) seems to be the only person he can trust - until circumstances make him doubt even her intentions. Based on the novel "The Haunting of Toby Jugg" by Dennis Wheatley.

**HAPPY BIRTHDAY TO ME - STARZ/ANCHOR BAY**

Welcome to upscale Crawford Academy, where everyone - especially new student Ginny (Melissa Sue Anderson of LITTLE HOUSE ON THE PRAIRIE) - wants to be part of the school's most popular clique. But now somebody has begun butchering the group's members. Could a deadly accident from Ginny's past be connected to the brutal killings? And as her 18th birthday approaches, will Ginny be the guest of honor at the most horrific party of all? Matt Craven (DISTURBIA), Lawrence Dane (SCANNERS) and Hollywood legend Glenn Ford (THE BLACKBOARD JUNGLE, 3:10 TO YUMA) co-star in this twisted slasher shocker from Oscar®-nominated director J. Lee Thompson (THE GUNS OF NAVARONE) that features - as its infamous poster promised - "six

of the most bizarre murders you will ever see!"

HOW TO BE A SERIAL KILLER

HOW TO BE A SERIAL KILLER pokes fun at the self-help literature industry and motivational speakers in general. There are so many ways to get off track while pursuing the perfect life, and an even greater number of pop-psychologists and gurus out there to lead the masses astray. Mike Wilson has found the perfect method of getting your life back on track and achieving a meaningful existence. Mike teaches his method in an exciting seminar series: How To Be A Serial Killer. Mike tells all of his students: You have what it takes, you just have to pull the trigger on the life you deserve. Students rave about Mike's depth of knowledge on the subject of serial killing and his endless enthusiasm and zest for life. One student described Mike as a tasty smoothie made from a little bit of Charles Manson, some Tony Robbins, and a sprinkle of the messianic charisma of Jesus. Mike administers his first one-on-one tutorial when he recruits a lost soul named Bart to be his pupil in the art of serial killing. Mike's 10-lesson program includes weaponry, corpse disposal, keeping things from loved ones, and many other pearls. As Mike begins to teach Bart more and more about the ways of successful serial killing, it becomes more and more difficult to hide the truth from his girlfriend Abigail (Laura Regan). And when she does inevitably find out, Mike's life as serial killer gets thrown for a serious loop. Now, devastated by the loss of the love of his life, and with the cops on his tail for the first time in his life, Mike and Bart retreat to make preparations for their escape to Mexico. But when a local sheriff's department interrupts their preparations, all hell breaks loose, and Mike must learn a lesson of his own: how to deal with police standoffs and full-scale gunfights.

THE HUNGER - THE COMPLETE SECOND SEASON

David Bowie hosts the second season of this spine-tingling horror anthology series from Executive Producers Tony and Ridley Scott, which features a phenomenal cast of familiar faces (including Giovanni Ribisi, Lori Petty, Jennifer Beals, Eric Roberts, Cathy Moriarty, Brad Dourif, Anthony Michael Hall and William Katt) as you've never seen them before. Inspired by leading genre writers, each episode will draw you into a mesmerizing world of terrifying characters and erotic encounters, where demons feed on the weakness of men and temptation consumes reason.

IMURDERS

When the participants of an internet chat room are brutally murdered in succession, one person's past holds the key to the gruesome mystery.

INFESTATION

Directed by Kyle Rankin (PROJECT GREENLIGHT), a young man (Chris Marquette) wakes up in his office to find the world overrun by oversized insects and joins a small group of survivors to defeat the invaders

KILLER MOVIE (BD)

A reality television shoot that goes terrifyingly awry when its crew becomes stranded in a remote Northern town. A killer is on the loose, stalking cast and crew one by one.

LEFT BANK

In this graphically shocking and internationally acclaimed debut feature by Belgian writer/director Peter Van Hees, Eline Kuppens stars as a dedicated professional runner sidelined by an infection. But when she impulsively decides to move into her new boyfriend's high-rise apartment on the outskirts of Antwerp, she will discover that his perfect home may hold strange powers and even darker secrets: Their sexual passion becomes extreme. Her body undergoes bizarre changes. The previous tenant disappeared under mysterious circumstances. And deep within the building's dark basement lurks an ancient evil that waits to be reborn. Welcome to a neighborhood where obsession meets madness, history is written in blood, and modern horror is alive and well in a place called LEFT BANK.

LOVED ONES

Gus, a Seattle undercover cop, whose friend goes missing, is forced to track down this Coven of Vampires.

Serbia, the leader of the Vampires, has come up with the cure for the blood lust. This does not sit well with some in his Coven for they like the old ways of the hunt, and they are thinking about replacing Serbia. Tim Gardner, a struggling artist, is tired of his

meteoric rise to fame and longs to find his true place in the world. Once he is bitten, he finds himself on the fast track to lead this broken Vampire Coven. Three men on a collision course with man kind hanging in the Balance; the battle begins and blood will flow.

MANEATER SERIES: TRIPLE-FEATURE

Blood Monkey: When six American grad students set up camp in an African jungle clearing, they soon become witness to the carnage inflicted by a strange and remote species of chimps. The students want out, but they're merely pawns in a terrifying game with nature. *Maneater*: When a dismembered body is found in the Appalachian Mountains, county Sheriff Grady (Gary Busey) is shocked to discover that the predator is a six-hundred pound Bengal tiger. Now it's loose - and there's no man with the skill or courage to take it down. *Spider's Web*: When a team of backpackers set out to explore a village in the Indian jungle, one of them is bitten by a poisonous spider and killed. The team soon discovers that they are not alone and are the next victims in a venomous ritual in which crawling spiders feast on corpses.

MIDNIGHT MOVIE (BD)

A midnight showing of an early 1970's horror movie turns to chaos when the Killer from the movie comes out of the film to attack those in the theater.

THE OBJECTIVE

The New Nightmare from the Co-Creator of THE BLAIR WITCH PROJECT

Afghanistan, November 2001: Two months after 9/11, a CIA operative leads a hardcore U.S. Special Forces squad on a classified mission deep into harsh and hostile Taliban territory. Their objective is to locate a Muslim cleric with possible ties to a deadly cache of WMDs. But what they instead discover is a phenomenon beyond anything known to man. You cannot fight what isn't there. You cannot kill what doesn't live. And in a land ravaged by war and ruled by superstition, who or what is the ultimate enemy? Jonas Ball, Matt Anderson, Michael C. Williams, Jon Huertas, Jeff Prewett and Sam Hunter star in this new mind-blower of a thriller from director Daniel Myrick, co-creator of THE BLAIR WITCH PROJECT.

ORAL FIXATION

Rachel Marks is obsessed with her dentist. When he refuses to keep treating her, her fragile psyche cracks and she sets out to make herself part of his life by any means necessary.

THE STEPFATHER

Jerry Blake (Terry O'Quinn, *Lost*) is a man obsessed with having the perfect *American Dream* life: including the house with the white picket fence in the suburbs, an adoring wife and loving children. He believes he has found it when he marries Susan Maine and becomes the stepfather to her 16-year-old daughter, Stephanie. But Stephanie gets an uneasy feeling when she is around Jerry with his *Father Knows Best* attitude: she can see that there is a darker side behind his cheerful exterior. Could she just be going through the typical teenager rebellion against her new stepfather, or is he actually the same man who brutally murdered his family just one year earlier?

KONG: RETURN TO THE JUNGLE

Kong hits the big screen in this creature feature! Years later, Jason and his friend Eric are living in New York City when the great adventurer and philanthropist Hunter Stag announces plans to fill his new enormous zoo with fantastical creatures. Jason and Eric helicopter to Kong Island to protect Kong and the other inhabitants, confident that with the island's high-tech radar devices, no one could follow them...but they're wrong.

OCTOBER 20

[BLOOD: THE LAST VAMPIRE](#)

The deadliest assassin to stand the test of time. From a Producer of *Hero* and *Crouching Tiger, Hidden Dragon* comes *Blood: The Last Vampire*, based on the cult hit anime series. Demons have infested Earth. And only one warrior stands between the dark and the light: Saya, a half-human, half-vampire samurai who preys on those who feast on human blood. Joining forces with the shadowy society known as the Council, Saya is dispatched to an American military base, where an intense series of swordfights leads her to the deadliest vampire of all. And now after 400 years, Saya's greatest hunt is about to begin.

[BLOOD+ Part 2](#)

A young girl named Saya combats vicious, shape-shifting demons in Okinawa, 2005.

[BLOOD TIES](#)

A group of graduate students from Hollow's Pointe University write a thesis paper giving their theory of the unsolved campus murders of 20 years ago. A conspiracy is uncovered and the students are now in danger. When the students begin to dig deeper, what they find shocks everyone. The conspiracy goes far beyond what anyone had anticipated and one by one the students disappear as they try to stay one step ahead of those who must keep them silent.

[THE WILLIAM CASTLE FILM COLLECTION](#)

Iconic horror director William Castle created a simple, but winning formula for his films: a little comedy, a lot of scares, a preposterous gimmick, and a clear sense that fright films should be fun. This even meant Castle would, like Hitchcock, appear in his trailers and even the movies themselves. Though his career spanned 35 years and included everything from westerns to crime thrillers, he'll always be remembered for his horror films from the late 50s to the mid-60s. And now Sony presents all eight of his Columbia features - three making their DVD debut, the rest newly-remastered - in one "spook-tac-ular" collection. And as a bonus, it includes the award-winning feature-length documentary, *Spine Tingler! The William Castle Story*.

[DIRTBAGS: EVIL NEVER FELT SO GOOD](#)

Take a glimpse into an alternate universe where humans are deemed inherently evil. This is far more than a re-make. The entire script has been revamped.

The movie that was shot in 2002 set out to discover just how complex a plot could be before it's perceived as being "without plot." In the new version the central story is very clear, and the subplots are even more intricate. However, the web of subplots is subtle, so if you cannot fully comprehend the underlying twists, it won't ruin your enjoyment of the story. Of course, the more astute viewers will find the added textures to be intoxicating.

Tekla Vassie, from "Metalheads (2008)" returns in *Dirtbags* and shows that she truly can play ANY character. In Bill Zebub's words, "Tekla is a director's dream come true."

[ISLE OF THE SNAKE PEOPLE](#)

The inhabitants of a small, remote island have been practicing voodoo rites and worshipping an evil priest named Damballah for years, but the local law officials generally turn a blind eye to this death cult's bizarre activities. Captain Labesch arrives from the mainland, determined to crack down on the island's lawlessness and clean up the ineffectual, hard-drinking police force. He appeals for assistance from wealthy plantation tycoon Carl Van Molder, who owns nearly half of the island and wields a great deal of influence over the population. Van Molder has made the study of parapsychology his life's work and believes in the secret powers of the mind. He warns Labesch not to interfere with this forgotten island's ancient ways. Also visiting is Van Molder's niece, Annabella, a temperance crusader who wants her uncle to help fund the International Anti-Saloon League. She falls in love with handsome police lieutenant Andrew Wilhelm, despite his fondness for rum. Meanwhile, beautiful native girls are being transformed into zombies, and a sinister snake dancer named Kalea leads them to attack and devour any meddling policemen who get too close to their unholy rituals. When Annabella is kidnapped and prepared to be the cult's latest human sacrifice, Labesch and Wilhelm have to infiltrate their ranks to save her, and they finally learn the secret identity of the all-powerful Damballah.

LAST OF THE LIVING

After a deadly virus has turned humankind into flesh-eating zombies, slackers Morgan, Ash, and Johnny spend their days lounging in their skivvies, drifting from one vacant house to another. When the three stumble upon a hot girl who may have a cure for the outbreak, the three decide it's finally time to step up to the plate and save the world - and the girl. Zomedy fans will unite for this campy, "breakneck zombie film that injects a high dose of hilarity!" (Revenant Magazine)

MOON CHILD

A young artist spends the night at a mysterious inn, where he meets a group of strange, sullen people, among them the innkeeper's beautiful daughter. What he doesn't know is that he has wandered into a kind of spiritual void, and the inn's residents are engaging in a battle over his soul.

100 FEET

After Marnie Watson kills her abusive husband in self-defense, she is condemned to house arrest... only to discover that the house is possessed by the enraged and violent spirit of her dead husband.

P

While growing up in rural Thailand, a young and beautiful orphan girl is taught the mysterious art of dark magic by her grandmother. When her grandmother falls sick, young Dau travels to Bangkok looking for work in order to earn enough money for medicine. She lands a job as an exotic dancer at a go-go club. Hesitant at first and ridiculed by the other dancers, circumstances force Dau to become an adult before her time and ultimately becomes the most popular and eerily seductive dancer at the club. Jealousies ensue and as her magic gets darker, the young girl gradually loses control as something abhorrently evil and wicked takes over.

RAVAGE THE SCREAM QUEEN

Two men find a DVD and discover that it is a snuff film. As they debate whether or not the footage is authentic, one of them becomes inspired to make his own movie. They have an endless supply of victims - desperate actresses who will answer any ad, no matter how suspicious.

Starring Bob "Hands Off" Arian and Steve Nebesni as the villains, and an impressive cast of actresses: Rachel Bulisky, Heather Forte, Elena Kagan, Sativa Verte, Kathy Rice, Jordana Leigh, Nikki Sebastian, Elyse Cheri, Kerri Taylor, and many more!

SATAN'S SCHOOL FOR GIRLS

A young woman investigating her sister's suicide at a private girls' school finds herself battling a satanic cult.

UNINVITED

A bunch of young people are invited to a Caribbean cruise on a gangster's yacht, to distract the attention of the authorities. Unfortunately, a mutant cat which escaped from a test laboratory also gets on board, and kills most of the passengers.

THE WHISTLER

When a no-good band of thugs enters a small town to unleash their terror, nothing could prepare them for the wrath a gentle giant inflicts, defending the honor of his one true love to the end of his life, and beyond.

After their grisly murders, a lumberjack and his lover return a year later to enact deadly vengeance on those responsible. Soon, the members of a notorious inner city gang begin to die violently by the hands of an axe-wielding vigilante known as The Whistler. These brutal deaths land detective Kyle Rico and forensics investigator Jacy Hall hot on The Whistler's trail. But nothing is as it seems and the closer that they get to the truth, secrets are revealed that lead to an ultimate death struggle of ghostly proportions.
