Composing the Beatles Songbook: Lennon and McCartney 1966-1970 is an independent DVD documentary examining the partnership and music of Lennon and McCartney, widely beloved creator of some of the most popular songs by the classic 60's rock band "The Beatles". Filled with rare footage including classic Beatles performances, and also testimony from friends of the pair, Composing the Beatles Songbook is sure to prove as inspirational as it is educational to songwriters today. Extras include extended interviews and biographies, in this superb gift for dyed-in-the-wool Beatles fans. 112 minutes, black-and-white.
