

NEW DVD OFFERS VIEWERS TRIP THROUGH 60S UK UNDERGROUND SCENE

The new DVD, *Going Underground: Paul McCartney, the Beatles, and the UK Counter-Culture* (available October 1) uncovers the secrets of England's cultural underground movement centered at the heart of London. The film's [trailer](#) (NOTE CONTENT) shares a glimpse into how the underground movement helped shape McCartney's view of the world and music, which in turn he explored in the music of the Beatles, bringing avant-garde into the mainstream.
