underground movement. Led by a loose collective of young radicals, they introduced new social, sexual and aesthetic perspectives. Operating out of the heart of London, their various activities, from 'The International Times' - a bi-weekly journal that no hipster could be seen without - to the psychedelic nightclub UFO, promoted alternative lifestyles and values, and sparked a social revolution.

"This film not only traces the history of this underground scene, but also explores its impact on the pre-eminent British group of the era, 'The Beatles'.
