From **MVD**, The Wedding Present: "Dick York's Wardrobe": The Hit Parade Videos, on the Cherry Red label, collects for the first time on DVD, all twelve of the band's hit single videos from 1992, plus a cover version of Elton John's "Step Into Christmas".

Formed in Leeds in 1984, The Wedding Present have recorded 36 singles and 8 studio albums with 6 record labels. Their early success was accompanied by sessions on the UK's "John Peel Show", followed by their first album and the band signed their first major record company deal with RCA. In 1992, instead of releasing a new album, the band decided to release a single on the first Monday of each month, all of which were limited pressings charting in the Top 30, equaling Elvis Presley's record of the most Top 30 UK hits in a year.
