## He's My Brother She's My Sister

He's My Brother She's My Sister, thats one mouthful of a name... pretty sure it gets kinda tough to fit that on the album covers or t-shirts, but I guess it is the most honest name this **band** could have. In fact the duo are ACTUALLY brother and sister. Go figure. Why couldn't my brother and I be this good. The best we can do for entertainment is paint the others room a gorgeous shade of sexy pink and hang over 100 kitten pictures on every wall while the other is out of town

## Local (Houston)

**Local: Poor Pilate**

Last year Poor Pilates released their debut

(true story). Are they releasing a new album you ask? Well... no, but they did last year. So why do I bring them up? 1. Because I can, it's my site, my post, I do what I want and 2. because they will be in town not too long from now. February 23 to be exact. Why not kill two birds with one stone and **buy** them for your significant-puts-up-with-you-other for Valentines. Wrap them in a box with a scented glade candle. That SCREAMS romance!! Just a thought. But seriously I love the shit out of these guys. The EP was fucking amazing and the new album is balltastic.

album..... where the hell was I? Why am I just hearing it? Why was a bigger fuss not made about this release? This album is stellar!

### The Wiggins - Golden Age

I have never been the biggest fan of The Wiggins. I have enjoyed a few songs at times at a few shows I may have caught them at but that was about it.... till now...

### Say Girl Say - Naked

Seldom will you ever hear me say " That video with so much wang was AMAZING!", but today you will, cause it was. Say Girl Say, right out of my own backyard (Houston)...

### The Wheel Workers - The MOP

So several years back when I was still booking shows around town I needed some filler bands for a show I was thrust into putting together at last minute. I quickly went....

### Benjamin Wesley - Catch My Shadow

When I first met Benjamin Wesley a few years back he was a quite guy standing on stage with his keyboard in front of him, synths to the side and a guitar in his lap...
