

"Tales That I Tell" by He's My Brother She's My Sister:

A brother/sister combo, a drummer that simultaneously tap dances, and über-catchy, feel-good songs? Awesome. In a music industry dominated by irony, He's My Brother She's My Sister refreshingly exudes honesty and charm. (They actually list their *real* influences on their Facebook page!) Their debut album, *Nobody Dances In This Town*, which they're currently touring, to support, comes out on October 9.
