## DVD Series Review: America's Music Legacy

MVD Entertainment Group, in collaboration with Quantum Leap Group, have just released a new series of DVDs that feature live video of some of the greatest musical acts of different musical genres. The first four that are available have been handed to me for a quick review.

Rhythm & Blues, the music that sprung from the likes of jazz, ragtime and gospel, is full of rhythm and story telling lyrics that many people favor as their chosen musical genre. This DVD includes songs like 'Mr. Saturday Night' by Billy Eckstine, 'Summertime' by Billy Preston, 'Boll Weevil' by Brook Benton, 'Ain't She Sweet' by Scatman Crothers, 'My Guy' by Mary Wells and tons more. This DVD is sure to have you chilling to the groove!

Country and Western is the music of our roots as cowboys. Rock-a-Billy, Bluegrass and today's country music all came from Americana storytellers like Johnny Horton. This DVD has live performances of Eddie Dean singing 'Hillbilly Heaven', Doug Kershaw doing 'Jambalaya', Patti Page singing 'Release Me', 'Gentle On My Mind' and 'Tennessee Waltz', Moe Bandy doing 'It's a Cheatin' Situation', Jerry Lee Lewis performing 'Great Balls of Fire' and 'Good Golly Miss Molly', Ricky Skaggs singing 'Get your Heart Broke' and so much more. You're sure to stomp your feet!

Gospel music gets us on our feet in church. Elvis Presley even helped to bring Gospel music to a whole new group of people. This DVD includes music by the following performers; Andrae Crouch, The Winans, The Archers, Marion Williams, Doug Miller, The Walter Hawkins Family, Wentley Phipps, The Chambers Family, Linda Hopkins, Mel carter and more. Praise the Lord with some beautiful music.

Lastly, is Rock 'N Roll. Rock 'N Roll was the devil's music of old time. Now, it is one of the most prominent genres of music around. On this DVD you will find Fabian, The Coasters, Lou Christy, Leslie Gore, Chubby Checker, The Chrystals and more. My favorite songs to watch on here are 'Johnny B. Goode', 'Then He Kissed Me', 'Old Time Rock and Roll', 'Lightnin' Strikes' and The Chubby Checker Pony Time Medley. Feel free to shake your pelvis and sing at the top of your lungs!
