MY LIFE WITH THE THRILL KILL KULT

Sinister Whisperz: Wax Trax Years (1987-1991)

www.mylifewiththethrillkillkult.com
Dist: Universal Music Canada

As the first in a series of retrospective compilations, Thrill Kill Kult revisits their early “industrial” roots, and has masterfully breathed new life into twelve of the most definitive TTK tracks from the band’s Wax Trax Records era. The CD also includes a previously unreleased track from that time called “Satana Rising”! Why remix such classics? From the call for drugs in “A Daisy Chain 4 Satan”, to

the chants of Christian zombie vampires in “The Days Of Swine & Roses”, every nuance is clearer, every drum beat pumps harder, and every sinister whisper speaks louder to your mind, body and soul.” It was like visiting old friends after 20 years by remixing those songs”, says producer Buzz McCoy. “And it was nice to finally add some sonic sparkle to those dusty, old tracks”. Tread where angels fear to go! Take the journey all over... Get lost (again) in the intoxicating, seductive and lurid realm that is truly and only, My Life With The Thrill Kill Kult.
